## tl52r

-o not trust anyone

Seperate 2 different activities

7se non8(SA8infiltrate2 soft4are

-o not be lazy5 the e9tra effort is 4orth it.

.hat 4as too short:

) eneral behaviour

-o not use social net4or/s, or use a 2ifferent  
bro4ser

) eneral beha6iour

-o not enter private 2ata unless really  
re; uire2

) eneral beha6iour

# Separate Browser Profiles for Different Activities

) general behaviour

(never use the same connection for private activities, reading news and research

) general behaviour

Use false identities

) general behaviour
